Beneficiary Designation

Primary and Contingent beneficiaries must be listed on the application, including each beneficiary's relationship to the proposed insured. In all cases, a beneficiary must have a continuing insurable interest in the life of the insured. Examples of acceptable beneficiaries include:

- Wife, husband, domestic partner, common law spouse, fiancée
- Son-in-law, daughter-in-law
- Children, stepchildren, grandchildren (Minors not recommended)
- Sibling
- Niece or nephew
- Aunt or uncle
- Parent or grandparent
- Family Living Trust
- Certain Charitable Trusts
- Irrevocable Life Insurance Trusts (ILITs)
- Qualified charitable or community organizations

If a beneficiary is not named, it may result in the death proceeds being paid to the estate of the owner/insured.

Acceptable Forms of Premium Payment

We will accept direct payment (EFT) from an account of the policy owner as stated on the application. We will also accept credit cards.

Electronic Funds Transfer (EFT)

EFT is available for all premium payment modes.

Payments by Credit Card

Premiums may be paid via credit card if the following conditions are met:

- The credit card is one of the following types:
 - MasterCard
 - Visa
- The cardholder must be able to provide all required information including the credit card number, expiration date, and CVV number

Please note there is a \$3.95 convenience fee charge per transaction for credit/debit card usage.

Premium Billing Dates

There are two options available for your clients. These are either immediate payment with the signed application or a payment schedule that coincides with their Social Security payments.

Immediate Payment Option

The direct payment (EFT) or credit card billing occurs on the same day of the month as the policy effective date. If the bill date falls on a weekend or holiday, the draft or credit card charge will occur on the next business day.

Social Security Payment Schedule Option

The direct payment (EFT) or credit card billing occurs on the specific day selected to coincide with your client's Social Security deposit date.

Please note that if you select a Social Security payment date, the issue date and first payment date may be the following month. As an example, the Social Security Administration deposits May 1 payments on April 29. Therefore, the client would have already received the May payment. In this scenario, the issue date and first payment date will be June 1.

The policy issue date will be the date of the first payment. The available dates are:
