

# What's Your Legacy?

**Legacy Workshop**  
**Thursday July 14**  
**10:30 AM**  
**The Community Room**

sponsored & presented by Trustworthy Financial

Join us for a lively & informative presentation from a state-licensed senior advisor, providing an overview of the 4 Phases of Legacy – creating, growing, enjoying and transferring your personal financial legacy, with special emphasis on final needs planning & funding.

Each attendee will receive a tasty snack, a chance to win money, and important materials including no-cost access to the Dignity Memorial final needs planning system, and a personal review to see if you qualify for affordable state-regulated life insurance programs to pay for your final needs, regardless of your medical condition, even if you have been turned down before.
